VitalSigns The report grades twelve key issue areas that affect the quality of life of those who live, work, play and learn in Ireland. Ireland's VitalSigns is a multi-dimensional report that uses public perception, factual data, and community leader perceptions to inform where the Foundation's grants and donations go to helping build Irish communities.

Capturing both hard facts and lived experience, Ireland's VitalSigns tells a more nuanced and complete story of Ireland's vitality than ever before. The better the Foundation understands the communities it serves, the better equipped it will be to make decisions and take action to improve them.

By participating in this survey, YOU can use your voice to share your opinions about the 12 key issue areas featured in the report, giving YOU the opportunity to be key influencers in the decision and grant making process for The Community Foundation for Ireland.

This report is sent out to all the key stakeholders in Irish society and as a way to inform policy and decision makers about the real issues we face as a nation today.

Additionally, by completing the VitalSigns survey you can nominate your favourite charity to receive a grant of €1,000 from The Community Foundation for Ireland.
