National Pay & Benefits Survey 2022

The next National Pay & Benefits survey will be published in autumn 2022. The survey will provide the most comprehensive and applicable data on HR within the Irish non-profit sector to date. It will also allow the sector to adapt, as trends and emerging issues are identified

The survey questionnaires will be distributed from mid-June 2022 and all The Wheel members and non-profit organisations, with paid staff, are requested to complete the survey. To ensure the quality and strength of the data that will inform the sector HR practices and policy development, we encourage all non-profit organisations with paid staff to complete this questionnaire.

Please contact Elizabeth Bolger, elizabeth@wheel.ie, if you have any queries in relation to this.
